BILLING CODE 4160-01-M

Method for Evaluating and Establishing Reimbursement Rates for Health Care Services Authorized Under the Indian Health Service Contract Health Service Regulations—Portland, Alaska, and Nashville Areas

AGENCY: Indian Health Service, HHS.

ACTION: Extension of Project Date.

SUMMARY: The termination date for the Portland Pilot Project now being conducted in the Portland, Alaska, and Nashville Areas to determine an alternative method of evaluating and establishing reimbursement rates for contract health services has been changed from March 31, 1995 to September 30, 1996.

FOR FURTHER INFORMATION CONTACT:

J.T. Garrett, Ed.D., Acting Chief, Health Care Administration Branch, Division of Health Care Administration/Contract Health Services, Room 6A-41, 5600 Fishers Lane, Rockville, MD 20857, (301) 443-8373 (This is not a toll-free number).

SUPPLEMENTARY INFORMATION: The Indian Health Service (IHS) issued a general notice in 56 FR 10566 on March 13, 1991 to inform the public that the IHS was conducting a pilot project in the IHS Portland Area. This project is designed to determine whether an alternative method of evaluating and establishing reimbursement rates for contract health services will result in greater participation by health care providers and lower costs to IHS.

The project invited providers within the Portland Area to submit their most favorable rate quotations and was scheduled to end on March 31, 1992. The response was far greater than the expectations of the IHS. As a result of this greater than expected response, and the need to develop complex rate quotation analysis methodologies for facilities, outpatient and professional providers, and the need to develop preferred provider lists from these analyses, the termination date was extended to March 31, 1993, 57 FR 10671. The termination date was again extended to March 31, 1995, 58 FR 11864. Additionally, the IHS published notification on June 18, 1992, 57 FR 27262, that additional sites were being added to the pilot project to provide more information from a wide geographic area.

The evaluation of the facility component of the project was completed January 28, 1994. The overall results of the evaluation were positive. The formal review process of the professional provider component has not been completed. Extension of the project termination date to September 30, 1996 will allow the IHS time to complete the evaluation and to assess the results. Based upon the results of the evaluation, IHS will formulate, publish and implement a new payment and procurement policy for contract health services. We are, therefore, extending the termination date of this pilot project from March 31, 1995 to September 30, 1996.

This pilot project does not change the current IHS payment policy requirement that health care services be procured at rates which do not exceed prevailing Medicare rates.

Dated: March 24, 1995.

Michel E. Lincoln,

Acting Director.

[CA-019-7123-5759-24-1A]

Emergency Closure Order; California**AGENCY:** Bureau of Land Management, Interior.**ACTION:** Emergency closure of public lands in the Hollister Resource Area to all motorized vehicle use.

SUMMARY: This emergency closure will close all public lands in Clear Creek Management Area, in San Benito and Fresno Counties, California (approximately 50,000 acres), to the use or operation of all motorized vehicles except as specified.

The purpose of this emergency closure is to protect human life and safety and to protect sensitive resources, including threatened plants and their habitat, soils, and wildlife habitat.

The authorized officer has determined that recent severe storms resulting in local flooding and slides, have made these areas unsafe for motorized use, and that additionally, any motorized use could result in serious damage to the resources mentioned above.

A map of the areas affected by this closure order is on file and can be viewed at the Hollister Area Office of the Bureau of Land Management. The following persons are exempt from this closure order:

- (1) Federal, State, or Local Law Enforcement Officers, while engaged in the execution of their official duties.
- (2) BLM personnel or their representatives while engaged in the execution of their official duties.
- (3) Authorized permittees, claimants, or private landowners.
- (4) Any member of an organized rescue, fire-fighting force, Emergency Medical Services organization while in the performance and execution of an official duty.
- (5) Any member of a federal, state or local public works department while in the performance of an official duty.

SUPPLEMENTARY INFORMATION: This closure is issued under the authority of 43 CFR 8364.1 and 43 CFR 8341.2. Persons violating this closure shall be subject to the penalties provided in 43 CFR 8360.0-7 and 8340.0-7, including a fine not to exceed \$100,000 and/or imprisonment not to exceed 12 months. Any vehicle or instrumentality used in a violation of this order is subject to seizure and possible forfeiture.

DATES: This order is in effect immediately. The closure for Clear Creek will remain in effect until

rescinded by the Authorized Officer. The Order may be rescinded when it is determined that recreationists may safely visit the area and sensitive resources are not jeopardized.
